EasyFitCap

Bayonet cap suitable for MULTIJET system

AGRICULTURE

Advantages

Optimised bayonet cap for maximum performance

Improved ergonomics, enhanced functionality and sustainable materials – our new bayonet cap sets new standards!

- **Improved ergonomics**
 - Comfortable grip with long wings
 - Rounded edges for easy handling
- **Maximum safety and comfort**
 - Audible lock prevents accidental release
 - Flatter bayonet pitch for easier attachment
 - Extended design provides better nozzle protection and grip
- **Universal compatibility**
 - Suitable for AF 8 and AF 10 nozzles
 - Compatible with all Lechler and third party nozzles, including short versions (AD/LU/E/ST)
 - Suitable for all MULTIJET-compatible bayonet systems
 - Reduced risk of tip damage and contamination
- **Practical improvements**
 - Can be combined with nozzle strainer with integrated gasket (**Order number 065.268.7J.25.10.0, 065.268.7J.60.10.0**)
 - New installation tool – can also be used as a multitool for MULTIJET bayonet caps (**Order number 092.179.56.40.91**)
- **Sustainable and durable**
 - Made from sustainable materials
 - POM plastic – more wear resistant than traditional polyamide
 - High resistance to pesticides and liquid fertilizers
 - UV resistant for long life
- **Flexible and customizable**
 - Wide pressure range up to 10 (20) bar
 - Private labelling available on request
